The average ages is between 40s-60s, all adult men are welcome! About us!

We discuss the challenges that we face, seeking truth and God's purpose in our lives in a world of distortion. We share, question, vent, agree or even disagree, but respectfully. We laugh a lot. Common topics are scripture, prayer, temptation, spiritual warfare, Christian leadership at home, workplace and in our circles of influence. We stand should-to-shoulder as brother warriors and occasionally offer accountability feedback, but always acceptance. We often shoulder-up during the week, responding to text message requests when one or more of us needs prayer support during challenging moments of our days. (if you're concerned, we usually only communicate by text messages when prayer requests are made). This may sound strange, but we don't ask for consistency in your commitment to this group. We understand that your weeks is probably filled with commitments. No commitment required. No homework issued. We don't want you to not join us because you can't make another commitment!
